## Wool Sack Stand

**\$195.00**    **wt. 100 lb.**

- ◆ Shorter height makes it safer.
- ◆ Breaks into 2 easy to assemble pieces for easy transportation.
- ◆ Quality 1¼" sq. tubing.
- ◆ Heavy duty 1½" X 1½" angle iron supports the sack sides.

## Fleece Skirting Table

**\$650.00**    **wt. 75**

The two piece 6' table top and base is easily stored & transported. Steel tubing & expanded metal means it will last you a life time. A powder coated top makes a **"slick"** surface! It stands 40" T so it's easy on your back. It's a lazy-suzan, so just pull a bar stool up & sit while skirting and turn the table when you need.

## Flushing—Laposcopic Table

**\$595.00****wt. 65 lb.**

For artificial insemination & embryo transfer. Table has adjustable leg restraints, two locking wheels and two pivoting. Easy and efficient to use. Unit breaks down to make transportation simple.

## 3 - Stall Creeping System

**\$735.00**

System is 40" tall by 4' deep and 7' wide overall. Each pen is 4' deep and 27" wide with walk thru gate. Great for finishing off project or show kids and lambs.  
(16" hanging feeders sold separately for **\$95** each.)

## Scale Box or Surround

Scale is NOT included

Scale boxes or surrounds are custom built. The left Surround is designed for a sack scale and has lift gates. On the right is a Surround for a digital scale with swing gates. Either solid sides as shown or railed sides are available.

**Surround on right**

**\$590.00 with solid sides**

**\$550.00 with railed sides**
